

Saving Pictures and Videos from Your iPad

1. Download the Google Drive app from Self Service.

2. Sign into Google Drive with your username@rssed.org (same way you sign into Clever) and lunch number password. You will have to type your username twice.

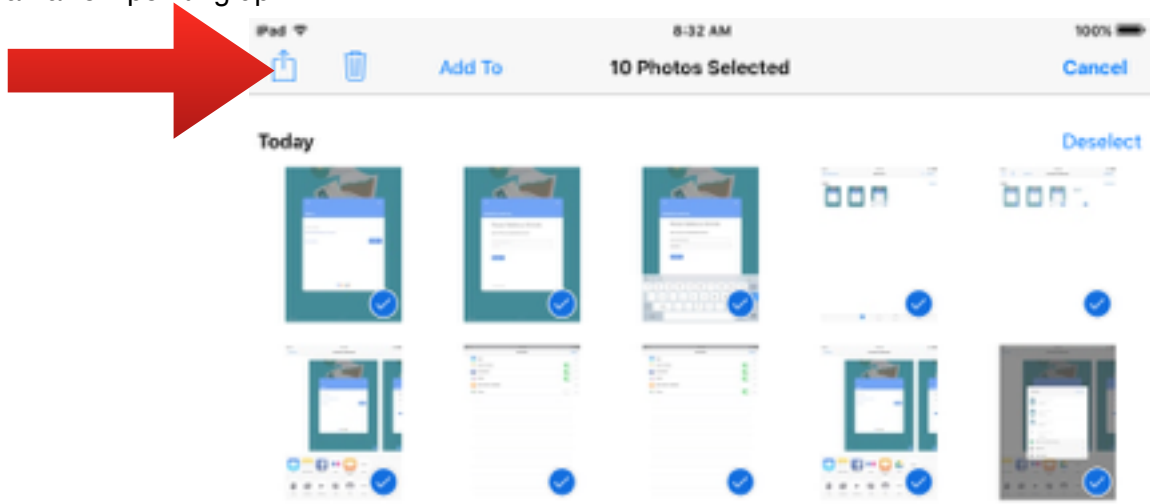

3. After you have logged into Google Drive, click the home button and go back to the main screen. Open your photos app.

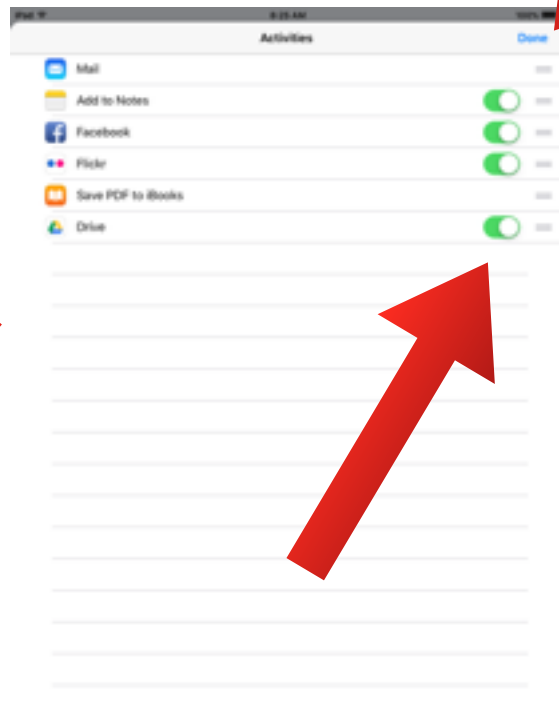

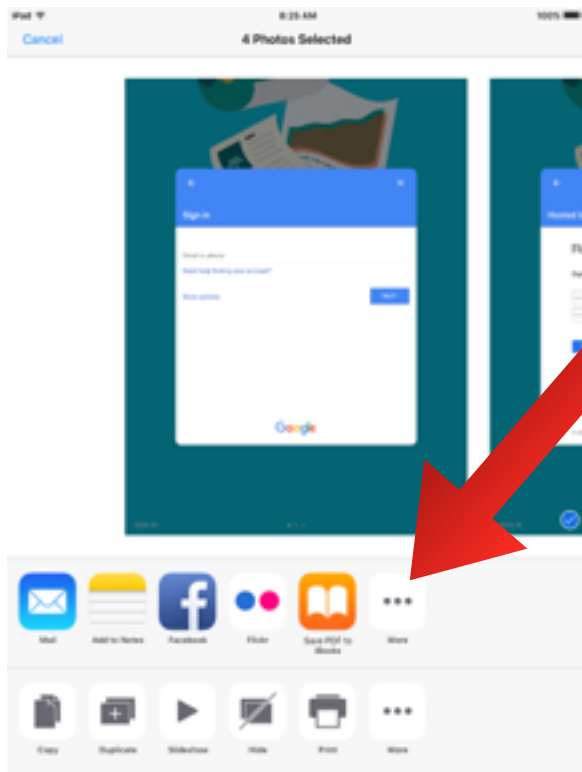

Saving Pictures and Videos from Your iPad

4. Select the photos/videos you want to save and hit the Share button that looks like a square with an arrow pointing up.

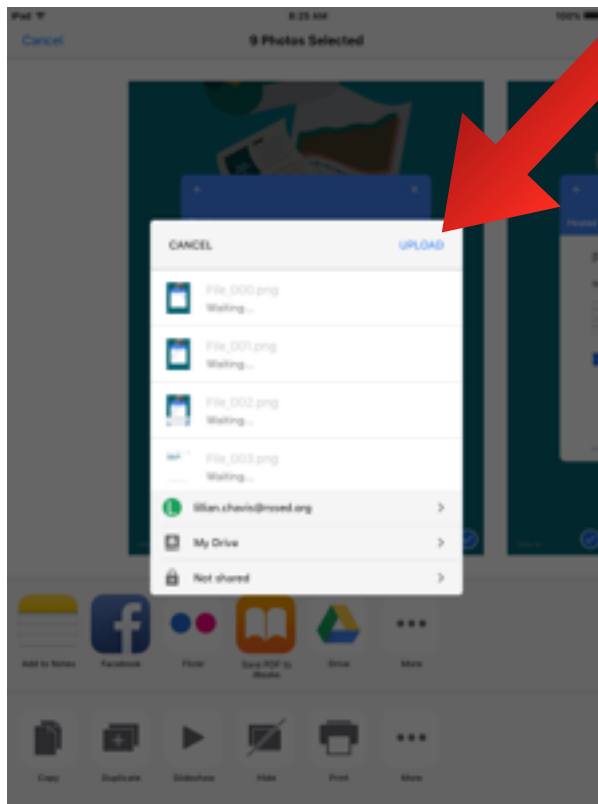

5. The first time you hit the share button you will have to follow this step. After setting up google drive you will be able to skip Step 5.

Select the button in the top row that says More. Then slide the button to turn Drive on. It should be green. Then hit Done.

Saving Pictures and Videos from Your iPad

6. Choose Upload and your pictures will begin uploading in the Google Drive folder.

7. Your photos will be available on any device that has internet by going to the website drive.google.com or using the Google Drive app and signing in with your rssed.org username and password.
